EDUCATION

California State University Channel Islands

Expected May 2026

B.S Computer Science -- Minor in Math -- 3.6 GPA

WORK EXPERIENCE

CSU Channel Islands *Latinx Cultural Center Student Assistant*

October 2023-Present

- Committed to fostering inclusivity, diversity, and equity through active engagement in cultural center programming and development.
- Skilled in independent project management, workshop facilitation, and collaborative program creation for promoting multicultural competency, social justice, and academic success.
- Organized, detail-oriented, and effective communicator, ensuring efficient completion of administrative tasks, prompt response to inquiries, and professional representation of the cultural center.

American Eagle Outfitters *Sales Associate*

Aug 2022-Aug 2023

- Engage with guests using the AEO Selling Model, fostering a "friends first" approach to help them find their desired products.
- Demonstrate a passion for AE & Aerie products by educating guests on product details and making personalized recommendations.
- Promote brand loyalty by introducing the AEO loyalty program and additional brand channels, while being adaptable and proactive in various store zones.

SKILLS

Languages - Java, Python, Bash

Web Technologies - React, Node JS, JavaScript, HTML, CSS, Bootstrap

Frameworks - Flask, SQLAlchemy

PROJECTS

Contact Manager Application

- Developed a full-stack web application using React for the front end and Flask with SQLAlchemy for the backend, implementing a RESTful API for communication between the two.
- Implemented features for creating, updating, and deleting contacts, with data stored in a relational database and displayed using HTML/CSS for the UI.

Certifications:

- Google IT Automation with Python
